

Fried Corn Bread

Ingredients

2 ½ cups hot rise corn meal

1 cup all purpose Flour

2 eggs

¼ cup cooking oil

2 table spoons sugar

Mix all ingredients together, heat oil in cast iron skillet to med/high. Pour mixture in the skillet, I use a ½ cup at a time and makes a perfect size. Fry on one side until to see bubbles coming up through bread and edges turn brown then flip. You can add Jalapenos if desired as you fry them.
